Nominee (Full name) : BAKURALLY ABDOOS SAMAD

Organization (or affiliation): ISOC MAURITIUS CHAPTER

Position : SECRETARY

Physical address : Parisot Road Mensil Phoenix Mauritius

E-mail address : datasys@intnet.mu

Phone number : +230 9328608

Fax number : +230 6764777

Country of Residence : Mauritius

Sub-region nominated for : INDIAN OCEAN

Background and motivation

After several years working experience as systems engineer in international companies in the online gaming industry I have been very much exposed to IT and Telecommunication networking, internet technologies and the domain name space. I have also establish and manage private company in Mauritius and Comoros Island providing IT hardware and software, call center and internet related services.

After completion of my MBA at Institut de la francophonie pour l'entrepreneuriat and university of Bordeaux France in IT management and information systems, I had the opportunity being a consultant for several private companies and stakeholders in Comoros Island in IT strategic plans.

I joined ISOC Mauritius chapter and being the organization secretary, I have been got more exposure to the internet world namely ISOC organization, ICANN, IETF among others. I had also the opportunity to attend INET Africa and Afrinic meetings in Mauritius and Nigeria and ICANN meeting in San Juan and following these meetings, ISOC Mauritius chapter has shown more participation in international organizations.

Joining Afrinic as a board member is very challenging for me as this will foster my objective more in the internet fields namely in Africa and getting more involved in internet technologies, ipv6, dns and domain name space.

My main focus will be the following:

- Promoting IPV6
- Supporting Afrinic policy development program
- Focusing on IPX and regional interconnections.
- Be more involve in African cctld and AFTLD
- Supporting the continent in developing multilingualism in the Internet
- Helping to develop a benchmark for Internet Development
- Promoting Internet security
- User Centric Internet
- Finding ways to enable internet access for remote and disadvantaged population
- More understanding of the African telecom environment, licensing of telecom, intercontinental fiber optics connectivity

Curriculum Vitae

Personal Details :

Name : Bakurally Abdoos Samad
Address : Parisot Road Mesnil Phoenix - Mauritius
Tel / Fax No : +230 9328608 - Gsm : +230 4979776
Email : datasys@intnet.mu
